Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-3 remain rejected under 35 U.S.C. 102(b) as being anticipated by Watanabe et al., U.S. Patent No. 5,795,650. See col. 3, lines 34-67. The claim are examined in the broadest light possible. First, it is unclear from the claim language if units (1) and (2) are independent. Second, the repeat unit (3) is broad. Watanabe describes an acrylic base PSA layer formed
